It is none but the greatest Bengali of the past thousand years, Bangabandhu Sheikh Mujibur Rahman, who liberated us from the clutches of subjugation and subservient life. Following his clarion call, the Bengali nation fought for nine long months with bravery and made supreme sacrifices for independence.

But the defeated forces of the liberation war of 1971 could not accept the independence. They resorted to all-out conspiracies since the birth of this heroic nation so that it turns out to be an ineffective and failed state and thus deprive people of enjoying the freedom.

Their conspiracies did not pause for even a minute and they were out to destroy all the achievements of the war of liberation, destroy the spirit of the liberation war and seize the democratic and constitutional rights of the people. That is why the BNP-Jamaat clique assassinated the Father of the Nation and his whole family on 15th August of 1975. In a sequel, four senior national leaders were assassinated inside the prison and thousands and thousands of pro-liberation war progressive people were killed. Bangladesh was thrown into a dark age of modern times.

Against this backdrop, daughter of the Father of the Nation, Deshripta Sheikh Hasina took the responsibility to get back their well-deserved rights. It is her brave and creative leadership that made it possible for the Bengali nation to turn around and engage in the struggle for establishing their rights. However, the conspiracy continued and one after another assassination attempts were made to kill Jananatri Sheikh Hasina so that a vacuum is created in the leadership of the progressive democratic forces. But blessed by the Almighty Allah and endless love and affection of millions of people, she still leads the struggle to resist the evil forces.

The evil force of the BNP-Jamaat clique wants to turn Bangladesh into a Pakistani-minded state through proliferation of fanatic militarily fundamentalist groups. As part of its blueprint, BNP-Jamaat alliance grabbed power through election engineering in 2001 and resorted to widespread killings of hundreds of elected representatives, judges, writers, professors, lawyers, women, journalists, teachers, businessmen and children, among others. During this period, around 35,000 people were killed as part of a blueprint masterminded by Tareq Zia from his parallel centre of power Howo Bhaban office. Former Finance Minister Shah AMS Kibria; women leader Ivy Rahman, former Member of Parliament Ahsan Ullah Master, former Member of Parliament Motiul Fokir; former Member of Parliament Manjurul Imam, writer Professor Humayun Azad, teacher Gopali Krishna Muhuri, journalist Humayun Kabir Bala; journalist Manik Shaha, district Judge Sohel Ahmed, district Judge Jagannath Pare, student of BUET Sabesan Nahar Sony, school student Mahima, Nawshin and thousands of other names still bring tears in the eyes of millions. It was like a procession of the deceased.

Those who lost their near and dear ones, their tears could not satiate the
thirst of blood of those evil forces but the sky and wind of Bangladesh became heavier every day and the sacrifice of people continue to take heavy toll. People belonging to various religious minority groups including the Hindus faced the severest brunt of torture.

Everyday, the scenario was quite horrific than the day before with the wind carrying the smell of gunpowder, festival of bomb blasts, procession of dead bodies and safe haven of fanatic militants – this was Bangladesh.

Under such unbearable circumstances, utterly distressed people were looking for a minimum protection. Spirited by the war of liberation, Grand Alliance of Awami League led by Jananetri Sheikh Hasina was mandated with a landslide victory for building a prosperous and modern country based on secular values. As promised in the election manifesto, Jananetri Sheikh Hasina initiated the trial of war crimes so that the country is freed from the black spot.

But the same BNP-Jamaat clique started opposing the trial from the very beginning. Not only opposition to the trial process, they resorted to widespread violence and gruesome carnage across the country. The pattern of violence spoke for itself clearly indicating that the BNP-Jamaat clique declared war against the people of Bangladesh.

The BNP-Jamaat racketeer and their hired goons have killed women, children, bankers, engineers, rickshaw-pullers, CNG-run three-wheeler drivers, bus-truck-covered-van drivers, bus passengers, policemen, and innocent civilians fall prey to their wrath and many of them were burnt to death. Office establishments, government and private offices and institutions, financial institutions, school-colleges, Shahid Minar, mosques-temples and pagodas were also set ablaze. To in order to disrupt nationwide transport communication, they uprooted rail lines, set fire on trains and launches, damaged the roads and bridges, and cut down thousands of valuable trees.

With a clear aim to destabilize communal harmony, one after another attacks were made on Hindu and Buddhist community setting fire at their homes and looting their wealth.

The whole nation was absolutely stunned to witness the severest extent of planned violence and inhuman barbaric acts by the BNP-Jamaat clique which was aimed at making Bangladesh an ineffective and failed state.

To protect the independence and sovereignty and to protect the lives and resources of the people, this evil force must be resisted. Let’s all join hands and come forward to get united against the evil force of BNP-Jamaat alliance.

This publication is aimed at portraying barbaric violence by the BNP-Jamaat clique. The barbarism by BNP-Jamaat alliance has been divided and displayed under nine subject-based chapters herein. In addition, news published in different national newspapers are also presented.

We hope, this publication will be able to satiate the demand of history as a well-researched documentary on BNP-Jamaat alliance’s inhuman barbaric acts and sharpen the spirit of struggle against the evil forces.
"Please don’t tell Maafia anything. Better tell her that I am doing well. If she sees me in this situation, she will just die," this is what severely burnt 22-year old Robin Munshi was telling his brother-in-law Rezaul while he was suffering from pain-stricken burn injuries at the ICU of the hospital. Just an hour later, Rezaul was crying loudly: "Who would now look after my sister? Robin could not even see the face of his child!"

Rezaul’s mother Aklima was sitting next to him and she was speechless as she knew her son-in-law was no more. Her daughter Maafia was pregnant and at home in the rural village waiting for her child to be born. But the child became orphan even before was born.

Robin Munshi hailed from Shibchar in Madaripur district. He used to work in a ready-made garment factory in Savar. He went to his village to see his wife who was pregnant and on the fifth month. Along with his cousin Nahid, Robin went to buy some warm clothes for his wife so that she could use those during the bitter winter. As he was travelling from Gulistan to Farmgate, terrorists of BNP-Jamaat alliance spread petrol and set fire to the bus he was travelling.

Robin and his cousin Nahid were severely burnt along with 19 other people. Nahid died on the day from burn injuries while Robin followed him after 17 hours of painful struggle at the hospital bed.

There are incidents of hundreds of other arson attacks and uncountable miseries with untold sufferings. BNP-Jamaat alliance was furious and women, children, banker, engineer, rickshaw-puller, CNG-run three-wheeler drivers, bus-truck-covered-van drivers, bus passengers, policemen and innocent civilians fall prey to their wrath and many of them were burnt to death. Their wrath did not even spare the livestock.

This is exactly how the country burnt in flame and innocent civilians paid the highest cost for BNP-Jamaat’s greed and vengeance. For months, the hospitals treating the burn injured people have witnessed cry and sufferings of hundreds of people. Burn unit of the Dhaka Medical College has witnessed procession of burnt people.

Why such inhuman barbarism? Why such brutality?

This is only because the BNP-Jamaat evil alliance has been desperate to take revenge of their defeat in the war of liberation. They wanted to resist the birth of Bangladesh at any cost. That is why they want to take revenge of their defeat in 1971 and foil the trial of war crimes by declaring a new war against the people of Bangladesh.

Planned Anarchy to Destroy Economy
If a country is economically paralyzed, it will certainly turn into a failed and ineffective state. The BNP-Jamaat alliance has waged an undeclared war against the people of this country with an aim to destroy the economy. They have attempted to paralyze the economy of Bangladesh by their planned subversive activities and destruction across the country.

The apex body of Bangladeshi businessmen, the FBCCI has dubbed such destructive activities of the BNP-Jamaat alliance as anarchic, which has not only caused huge economic losses but also destroyed the economic potential of the country. According to the FBCCI, Dhaka Chamber of Commerce and Industry (DCCI) and International Chamber of Commerce (ICC), just a single day of hartal and blockade caused the country a huge loss of Tk 1,540 crore to Tk 1,600 crore. As per their estimate, the year 2013 witnessed a systematic and planned anarchy round the year causing an aggregated loss worth over Tk 100,000 crore, which is by and large half of the national budget. This huge amount of money could have constructed at least four Padma bridges.

Violence across the country by BNP-Jamaat alliance destabilized the overall economic and commercial activities of the country. As the supply of raw materials was stopped, the production process stopped entirely. Exports and imports were threatened while service sector faced a major blow. Thus the whole country and its economy and business were hit very hard.

According to the non-government research body, Centre for Policy Dialogue (CPD), there has been 55 days of hartal and blockade programs sponsored by the BNP-Jamaat alliance between July 2013 and January 2014, and widespread violence across the country during this period caused a huge loss amounting to Tk 49,000 crore in only four sectors. It was GDP’s 4.70 per cent. Of this amount, rail, road transport and shipping sector counted a loss of Tk 16,688 crore.

Severely hit second sector was agri-based industries which suffered huge loss for the destructive activities by the BNP-Jamaat alliance. The amount has been tallied to Tk 15,829 crore. Agricultural production was severely affected as the farmers did not get necessary agri-inputs in time including fertilizer and diesel. Imported fertilizers for Boro cultivation amounting nearly 12 lakh tons were stuck in the port. The farmers were caught in trouble with their fresh vegetables they produced as they could not market those. Vegetables worth hundreds of crores of taka were perished. Nine days of blockade caused losses of agri-products worth Tk 1,500 crore.

In the third place, garments and textile sectors faced losses of Tk 13,750 crore and the tourism sector’s loss was Tk 2,750 crore. As the raw
materials were not unloaded in Chittagong port, each day businesses
counted to Tk 250 crore as losses. Some 29,000 containers and 38 ships
were stranded at the port due to the blockade sponsored by the BNP-
Jamaat alliance.

The story did not end here. Many foreign investors those who came to
invest here returned home because of the risks created by the BNP-
Jamaat alliance. As a result, there had been a slide in overall foreign
investment which could have generated some 40,000 new job
opportunities. The situation also reduced opportunities at 150,000 jobs.

In reflection of their repressive policy, BNP–Jamaat–Chhatra Shibir
alliance cut down thousands and thousands of trees across the
country. An estimation says around 60,000 trees were axed which
casted losses worth Tk 60 crore. It will take at least 20 to 30 years to
recover from such losses of trees.

Around the country, various government offices and establishments,
bank and other financial institutions, business offices, police stations
and police outposts and schools were burnt down by BNP–Jamaat
alliance. Arson attacks and vandalism into these institutions and
establishments caused damage of furniture, computer, electrical
equipment and important documents that incurred losses worth over
Tk 100 crore.

Burnt Al-Quran and Mosques: BNP-Jamaat Enemies of Islam
The BNP-Jamaat-Hefajat gang do not hesitate to commit any misdeed or their heinous self-interest and political gain. They talk about religion to confuse the devout Muslim people of this country, but the BNP-Jamaat alliance is not at all respectful to faith of the people. They have attacked and strained the religious sensitivity of the people on various occasions by resorting to falsehood and lie. They created confusion in the minds of the people and their persuasion in the name of religion was aimed at fulfilling self-interest and mean political gain.

The grand alliance government led by Awami League had a pre-election commitment that they will take initiative to try the war criminals. And the BNP-Jamaat alliance had started planned terrorist activities across the country in order to foil the trial and create anarchy in the country.

The way the BNP-Jamaat-Hefajat alliance resorted to widespread attack on religious minorities and their business establishments across the country could only be comparable with the attack of barbaric Pakistani military in 1971.

Ironically the BNP-Jamaat evil forces have used sacred mosques to run terrorist activities. Not only that, they have set fire to mosques in order to mislead and instigate common people. They have burnt hundreds of holy Al-Quran and used mikes of mosques to spread lies and rumors. Coming out of mosques after prayers, they swooped on policemen so that clash takes place between the common Musalmans and police.

This is exactly what had happened in national mosque of Baithul Muqarram. Terrorists of Islami Chhatra Shibir engaged in clash with police after coming out of the mosque. At one stage of the clash, they set fire on the prayer mates of the mosque.

In sequel to that heinous act, the hooligans of BNP-Jamaat-Hefajat Islam burnt dawn some 144 shops in Baithul Muqarram area on March 5, 2013. They also set fire to the shops of the Baithul Muqarram market. Bookstores which sell Islamic books were burnt to ashes. Hundreds of copies of holy Al-Quran were burnt by those attackers.

Another painful and heart-wrenching incident took place on April 11, 2013 at Kazirhat area in Fatikchhari of Chittagong. When the local Awami League organized a procession, the leaders of Jamaat-e-Islami and Islami Chhatra Shibir caught the Imam of the local mosque and tied him with ropes. They used the mike of the same mosque to spread falsehood and propagated that the Imam was kidnapped by Awami.
League people. As rumors spread, confused villagers attacked the procession of Awami League. The BNP-Jamaat and Chhatra Shibir took this opportunity and chopped to death three of the Awami League and Chhatra League workers in broad day light.

Such evil acts are nothing new for BNP-Jamaat alliance. On October 8 in 1999, the terrorists of BNP-Jamaat alliance charged bomb into a mosque of Ahomadja sect in Khulna. The tragic incident left eight people killed and over 50 injured.

Such evil falsehood and propaganda to confuse people using misinterpretation of religion must be resisted. Conscious people must be alerted all the time against such evil acts.
Black smoke has completely covered the national mosque Baitul Mukarram. On 5 May, 2013, in name of a grand alliance in Dhaka, BNP-Jammat-Hefazat went on a mayhem. They set fire to Baitul Mukarram Masjid Market which left hundreds of holy Qurans, burnt to ashes along with shops for perfume, tasbih (rosary) and prayer mats.

One of the major spirits of our war of liberation was secularism and non-communism. The evil forces of BNP-Jamaat alliance have always been active to foil the stability of Bangladesh by axing that particular spirit. The evil alliance went on attacking the religious minorities on various occasions; they set fire at places of religious prayers, houses of religious minorities and looted valuables from those vulnerable people. The women of the minority community have always been their prime target and thousands of women were brutally tortured on many occasions.

People of Bangladesh did not forget the voluminous barbaric attacks by the BNP-Jamaat unholy alliance on Hindu community across the country just after the 2001 general elections. During that period, BNP-Jamaat alliance committed crimes against humanity such as mass killing, kidnap, rape, forceful marriage, forceful conversion of religion, toll collection, grabbing assets and what not! An Investigation Commission was formed later on, which received some 5,571 allegations of such crimes. In one such incident, some 200 women were raped in one single night in Bhola. Such a heinous barbaric act has remained as a deep scar in our national life.

Evil activities by the BNP-Jamaat alliance are still on. The magnitude of torture and repression on religious minorities by the BNP-Jamaat alliance have increased manifold since the beginning of the trial of the war crimes. Just after pronouncement of the verdict of war crimes case against notorious war criminal Delwar Hossain Sayeedi in February 2013, the BNP-Jamaat alliance swooped brutally on the Hindu community across the country in such a fashion that as if the Hindu community were responsible for his capital punishment.

According to newspaper reports, just a month between February 28 and March 31, the BNP-Jamaat evil alliance resorted to all-out attack on Hindu community people in 32 districts of the country. Four people were killed and 34 were injured in these attacks. To add more sadness, some 319 temples were damaged and 206 business establishments belonging to the Hindu community people faced the brunt of attacks as they looted and vandalized everything.

As the national election schedule was announced on November 25 in 2013, BNP-Jamaat unholy alliance started communal attacks leaving dozens of people killed and hundreds injured by January 30. During this period, some 177 temples and religious institutions were damaged and 485 houses and 578 business establishments were vandalized and looted. Some 2,500 families were repressed and tortured. At the same time, incidents of rape in various districts also increased sharply.

The way villages after villages were set on fire and daughters were raped in front of their father during the war of liberation in 1971, the BNP-Jamaat evil alliance started the same tactic against the religious minority after a day of the election. On January 5 of this year, the
hooligans of the alliance attacked Hindu families at Chapata village of Avaynagar thana in Jessore. All on a sudden, people of various areas including Rishipara, Hazrail, Haridaskathi, Morirampur became fully panicked. In Rishipara area, husband and father in law of a housewife were tied and the hooligans tortured the housewife. In many places, father and his son were tied with ropes and their wives were brutally tortured and molested. Not only in Jessore, similar heinous crimes against religious minority people took place in Thakurgoon, Gaibandha, Dinajpur, Joypurhat, Natore, Chirghat, Mymensingh, Netrokona and Pirojpur.

Not only the Hindu community was singled out, people of other minority groups were also targeted and they faced the same irony. The terrorists of the BNP-Jamaat alliance set fire to 12 Buddhist Vihar or monasteries and temples. Arson attacks took place in some 40 houses of people belonging to Buddhist community. Hundreds of houses were looted and damaged at the same time. Shima Buddhist Vihar, Rakhoan Buddhist temple, Lal Ching, Shada Ching, Ramu Maitree Vihar and Aparna Maitree Vihar were burnt to ashes. In Ramu, the arson attack destroyed 300 year old history of Buddhist archaeological sites.

Such planned attack on religious minority by the BNP-Jamaat evil alliance is an attack on our thousands of years old deep-rooted culture and religious harmony. It is attack on the spirit of our glorious war of liberation, the spirit of our freedom and secular and non-communal spirit of Bangladesh.
BNP-Jamat group is continuing the brutal attack on the minority community. They broken down the idols attacking at a temple of Bagerhat on 2 March of 2013 after declaring the execution of judgment of Delawar Hossain Saydee.
March 2013 the terrorist of Jamat broke the idols attacking at Rishi Monastery of Jaldi Village of Banskhali in Cox’s Bazar district. One follower praying before the broken idol shedding tears.
The Jamal-Shibir cadres set fire in the houses of the minority community after looting in their houses at Shilparaat Bashkhi Sadar of Chittagong immediately after declaring the judgment of Saydee in war crime on 1 March, 2013. The wife of Dulal Shill is lamenting standing on burnt homestead losing all things.

On 5 January of the year 2014, some members of Hindu family of Avoynagar village of Jessore fled away leaving their homestead in search of safe shelter following the attack of Jamal-Shibir after the National Parliament Election.
There is no food in home. From where the food will come? Even this family have no home. The child Biplasha Barmon is crying for food, Its mother Sanchita Barmon shedding tear, she cannot hold her tear. In such helpless situation, 122 minor families of Malopara of Chapataala village of Avonagar upazila of Jessore spending their life under the open sky. Those families lost their houses, shelters and properties in the brutal attack of the Jamat-Shibir cadres after the election on 5 January, 2014. Only crying tearing at Chapataala.
The residents of Hindu-dominated villages of Ghoraghat of Dinajpur were in fear in post-election violence. The residents of Krishnarampur village of no.1 Kulaklpur village of the upazila guard the area in turn over the night. The Jamal-Shibir men attacked the voting centers of the village previous night of voting. In that time several people were injured in conflict. From then the culprits threaten to attack at villages. So, they guard their village waking up at night.
Terror on Buddhist Bihar

The excited mob set fire to 12 Buddhist Bhikhar and temples at Ramu and set fire in 40 houses and Buddhist houses in Cox's Bazar in the charge of people of Quran on 29 September, 2012. In that time looting and vandalism went on in hundreds of houses. They burned Sima Buddhist Bihani, Rakhan Buddhist Temple, Lal Ching, Sada Ching, Ramu Moftee Bihani and Arund Milree Bihani. Attack on Base of National Spirit
The BNP-Jamaat alliance could never accept the independence, freedom and sovereignty of the country. In order to take the country backward and turn it into a pro-Pakistani state, they assassinated Father of the Nation Bangabandhu Sheikh Mujibur Rahman along with his most of the family members. Democracy was brutally suppressed and rights of the people were confiscated. In one hand, the spirit of the war of liberation was removed from the constitution and on the other, the glorious history of the liberation war was deliberately distorted.

Thousands of freedom fighters were killed in one hand and collaborators of the Pakistani military and war crime offenders were rehabilitated on the other, too. The whole Bangladesh entered into a dark age of modern time.

But the struggling people of Bangladesh turned around. Defying all odds and braving all the conspiracies to turn the country into a pro-Pakistani one, people are marching ahead. With the initiative of Prime Minister Sheikh Hasina, daughter of Father of the Nation Bangabandhu Sheikh Mujibur Rahman, the war criminals were arrested. The trials are continuing and some of the trials have witnessed verdict and an execution. And that is why the BNP-Jamaat clique has exposed its true face against the trial and waged an undeclared war against the people of the country.

The assassins of 1971 did not stop after creating an anarchic situation in the country. They have torn the flags and vandalized true symbol and source of Bengali nationalism - Shaheed Minar in many places. Hundreds of such Shaheed Minars were vandalized and damaged in darkness of night by the evil alliance of BNP and Jamaate-e-Islami.

The hooligans of the alliance demolished the Shaheed Minar at Jatuboyra Primary School of Kumarkhali upazila in Kushtia. The Shaheed Minar was built in 1968, which was at first demolished in 1971 by Pakistani collaborator Razakars. On the same night, Jamaat-Shibir activists ruined another Shaheed Minar at Boalmari Government Primary School at Haripur union of Chatmohar of the same district. As the clock ticks zero hour, the attackers tied the night guards with ropes and demolished the Shaheed Minar.

The Pakistani army in 1971 did the same on the first night of attack and destroyed the Central Shaheed Minar. Cannon-balls had entirely demolished the base of Bengali nationalism but that could not resist the Bengalees at all.

Now the defeated forces of 1971 still possess anger towards the Shaheed Minar and whenever they get chance, the BNP-Jamaat alliance attempt to attack that spirit by destroying the Shaheed Minar.
On 22nd February, 2013 the Jamat-Shibir Cadres, after performing the congregational prayer start the terrorists activities throughout the country. Their ferocious paws fell upon the Gonogararan Moncho developed at various Districts and Upazilla and Shahid Minar. Virtually the news workers and member of the security became the victims of their anger in order to resist all such relatives attacks the Jamat-Shibir Cadres load conflict with the police. In fighting, two persons at totally four persons were killed. Innumerable persons were wounded.

In the picture the scenery of attack at the Central Shahid Minar of Sylhet is visible. On this day, after the performance of congregational prayer processions in the banner of "Touhid Janato" came out from various mosques. Having attacked from such a type of processions, breaking the boundary wall of Shahid Minar the fundamental miscreants destroyed the flower vass contained in the Dais.
19 February, 2014, the defeated power of Independent and their accomplices broke several Martyr Monuments in various places of the country. This 42 years old Martyr Monument of Jadubayra High School of Kumarkhali Upazila of Kutia was the target of attack by the BNP-Jamat culprits.
The symbol of the liberation war's statuary namely "First Weapons Defendant" at Bishkhali in Jinnidha was destroyed by anti-freedom-Jamat on the date of 4th March, 2013.
The terrors of BNP-Jamaat broke Shadhi Miner of Government Primary School at Nayapara, Lalmonirhat in Nator on the date of 4th March in last year.

In the darkness of mid-night, the BNP-Jamaat miscreants vandalized the Shaheed Minar of Boalmari government Primary School in Chatmohar of Pabna.
Marlyr Monument is the symbol of consciousness, strength and existence of the Bengali nation. So, the West Pakistanis after throwing bullets on student procession on twentieth 1st February 1952 they smashed the first Marlyr Monument, erected at Dhaka Medical College pavement in the dead of night. Then even in 1971 their target was Marlyr Monument. They smashed the central Marlyr Monument. The Bangali snatched away the victory in exchange of blood shedding from their chests. The existence of Pak attackers was floated. But, their ghosts are active still today: they are alert still today to mix in mud to the freedom consciousness of Bangali. They continue to attack in Marlyr Monument even after six decades of grant Language Movement. News of attacking in Marlyr Monuments in various places of the country published in news papers.

Incident: 3

Incident: 4
A procession of Islami Chhota Shibir at around 10am in the morning on April 1, 2013, suddenly became furious and attacked policemen. A gang of Shibir men swooped on constable Jahangir and relentlessly hit him with helmet. They took away his pistol and his head was smashed with brick. As three other policemen tried to save their fellow, they also came under attack.

The incidents are nothing but a few samples of barbarism by the BNP-Jamaat alliance. Such coordinated attack made one thing very clear that the law enforcement agencies were one of the prime targets of the terrorists of the BNP-Jamaat alliance.

In between January and December of 2013, a total of 15 policemen were killed in the hands of BNP-Jamaat evil alliance and their fellow Hefojat Islam. Besides, some 2,400 members of the law enforcing agencies were injured with over 300 of them severely injured. Over 150 members of the law enforcing agencies lost their eyes, limbs and hands and became lame forever.

The policemen were targeted and attacked everywhere across the country from the capital to rural areas. Many police stations and outposts were set on fire and on many occasions, the terrorists snatched away the arms of the police. Heads of policemen were smashed with bricks and stones and petrol bombs were hurled at them. Burnt in flames, many policemen were killed.
But what was the fault of the law enforcers? Why such planned and coordinated attack on them?

It is very simple that if the law and order situation deteriorates, there is nothing left for destruction of a country. Moreover, members of the law enforcement agencies were targeted and attacked so that their strength is challenged and they became morally weak.

The BNP-Jamaat evil alliance did this to save the accused in war crime charges by destabilizing the country and creating anarchy so that Bangladesh becomes ineffective and a failed state.

But the BNP-Jamaat evil alliance made a mistake that when a law enforcement agency is motivated by patriotism and work hard, their mental strength cannot be carved or broken. And such spirit has been reflected in words of Mohammad Parvez who is the son of martyr police constable Motiur Rahman: “I will not get back my father. It is very painful to say and there is nothing more painful to bear such a loss. But I am proud that my father sacrificed his life for the country.”

Dreams of Millions of Children Burnt to Ashes
Defying bitter wintry morning, children in many rural areas came to school with new books in their hands. But what they saw in place of their school had been horrific. Their schools were burnt to ashes. Instead of attending classes, they ran helter-skelter. Their blank eyes search for answers. Many of them burst into tears seeing such a scene. The chairs and tables, benches and everything became charred coal. Corrugated fins were blackened and curved.

That is how dreams of millions of children were burnt and then faded away.

In a planned way, some 568 schools, colleges and madrassas were set on fire using petrol or kerosene by terrorists of BNP-Jamaat alliance. Of these, there were 443 primary schools, 87 high schools, 26 madrassas and 12 colleges in 32 districts. The buildings and everything inside from chair-table to benches were burnt. Thousands of books and school documents were gutted.

A natural question may come from any conscious mind: why educational institutions were targeted? Why such a devastation to destroy the education system?

Education is considered as the backbone of a nation. If that backbone is hit and broken, the nation will be crippled and destroyed subsequently. In the war of liberation in 1971, the Pakistani military had destroyed the education system. With their well-organized execution of intellectuals, the aim was nothing but to make Bangladesh subservient. Such evil plan still continues.

As part of that evil design, the BNP-Jamaat alliance has attacked the education system of the country so that Bangladesh becomes a failed and ineffective state. Children of this country had to suffer a lot for their misdeeds and their education was not spared.
The fire of BNP-Jamayat affects the Education institute

Mass Media Not Spared
Since the media talk about free thinking, war of liberation, trial of war crimes, secularism and non-communism, human rights, fundamentalism and conservatism, the media became a target of BNP-Jamaat alliance’s planned terrorism.

When journalists of different media outlets went to cover the Hefajat-e-Islam demonstration at Shapla Chattar in Motijheel, Dhaka on May 5, 2013, the journalists were targeted and they fell prey to the wrath. The hooligans took position in and around the National Press Club with processions and hurled abusive words at journalists. After the Juhur prayer during midday, planned attacks were carried out on journalists. In their attack, Hefajat activists injured at least 10 journalists and the female journalists faced their bitter animosity.

The terrorists of BNP-Jamaat-Hefajat toughed up a reporter and a cameraman of Ekattor Television channel accusing them of distorting facts. They alleged that the television channel downplayed their gathering and tried to show that presence was thin at the rally. Four other journalists working for online media bdnews24.com were also beaten by the Hefajat mob.

At Purana Paltan area, leaders and workers of Hefajat-e-Islam severely beat Ekushey Television reporter Nadia Shamin Jhumu and termed her an atheist. They chased her quite a long way from Paltan to Bijoynagar area and pushed her on the street couple times. The female journalist was kicked and punched while some of them tore her dress. As a cameraman of the same television channel tried to save her, he was injured as well.

A photographer of the Daily Ittefaq, twenty-five year old Sujan, Foizul Siddiqui of bdnews24.com and freelance photographer Nazmul Islam were termed as broker and atheist by the cadres of BNP-Jamaat-Hefajat and they were beaten mercilessly. Two other journalists of a television channel were injured as they tried to save them.

Journalists of different media outlets came under attack from BNP-Jamaat cadres in different parts of the country as they went to cover the 10th general election on January 5 this year. In the post-election period, the journalists became their target especially in Shatkhira, Shitakunda, Noakhali, Fermi, Laxmirpur, Jessore, Bogra and many other areas.

The Jamaat cadres chopped Yarab Hossain who was the joint secretary of Shatkhira Press Club on November 30, 2013. The attackers used iron rod and sharp knife to smash his head while his left leg and both the hands were fractured.

Earlier, BNP workers hurled handmade bombs on two on-duty journalists in Chittagong during a hartal on November 5. The incident left these two journalists—TV cameraman of Channel 1 Shamsul Alam Babu and Md Hasanullah of Desh TV. Just a day before, photographer of the daily Samakal, Mohammad Rashed was attacked by Shibir cadres at Oxygen area in the port city of Chittagong. He was seriously injured.

Jamaat-Shibir cadres also swooped on journalists on February 22 after the Jumma prayer leaving six journalists injured.

This is how the journalists were targeted and came under attack of BNP-Jamaat-Shibir-Hefajat gang across the country. Not only physical assault, newspaper transport and distribution were also targeted and damaged. In some places, vehicles of newspapers supporting the pro-liberation spirit were halted and the newspapers were set on fire.

In one such incident on February 28, the BNP-Jamaat men halted a vehicle which was carrying some national dailies including the daily Ittefaq. All the newspapers of the vehicle were burnt. Later on, another vehicle carrying the daily Prothom Alo and the Daily Star newspapers faced similar fate at Somiramnushirhat of Shombag area. Hundreds of other similar heinous incidents took place during that period across the country.

Why such acrimonious attitude towards the media from the part of BNP-Jamaat alliance? Why such atrocious attack?

It is because they are afraid of free media. Free and open media are a major obstacle for BNP-Jamaat alliance in the way of turning Bangladesh into a Taliban-style state.

BNP-Jamaat-Hefajat: Enemy of Women
Outstanding contributions of the women in Bangladesh’s economic and social progress are immense. The women here are no longer lagging behind in any aspect of development of the society. They were always at the forefront of each and every progressive movements of this country. Since the time of language movement, they contributed actively and participated in all the democratic movements. During the war of liberation they made supreme sacrifice and up until the recent trial of war crimes, their voice has been strong enough as they came forward with the demand of capital punishment for war crimes.

As a result of their valiant role, the women folks have been targeted by the BNP-Jamaat alliance. The alliance was quick in realizing the fact that the women folks must be restrained and kept inside the house in order to turn Bangladesh into a Taliban-style state. With active patronization of the BNP-Jamaat alliance, Hejajat-e-Islam declared their 13-point demand. Their charter of demands was nothing but a part of blueprint to restrict the women of this country within the boundary of their homes.

Hejajat-e-Islam staged one after another rallies with support and participation of BNP-Jamaat men and declared fatwa that women must not work in offices. They also embargoed work of women in garment factories.

The Hejajat-e-Islam said that women should not go out of their houses and they must confine themselves within their own boundary inside their houses. They also propagated that girls do not need to study beyond class IV/V and they must not use mobile phones.

Not only declaring such fatwa, the terrorists of BNP-Jamaat alliance attacked women and tried to burn them to death. Women working for various media outlets were targeted and came under their attack. In Kanshat of Chapainawabganj, they attacked and chopped a female leader of Awami League. In Dhaka, petrol bomb was hurled at a female bank officer. Across the country, women of religious minority groups were targeted by them and were repressed on different occasion.

Fatwa by Hejajat-e-Islam against the women in one hand and barbaric attack on them by the BNP-Jamaat alliance all these were aimed at restricting the women of the country and taking Bangladesh to a medieval dark age.
The BNP-Jamaat combine intended to confine womenfolk to boundaries of home. Their objective was to introduce a Taliban regime in Bangladesh by utilizing Hefajat-e-Islam.
BNP-Jamat group conducted a brutal incident of huge bombing and fire setting hindering the tenth National Parliament Election over the country. On last 3 January their terrorist blazed a bus throwing petrol bomb in a passenger bus at Paribag in the capital. Destruction of Greenery
Environment, climate, global warming are all major challenges the world is facing today. Imbalance of environment, climate change and global warming are affecting Bangladesh adversely. In the southern part of the country due to sea level rise Bangladesh is facing the challenge of salinity intrusion. In the northern belt of the country desertification is taking place. Bangladesh has been experiencing a changed weather pattern and the usual characteristics of the environment are changing very fast. Raining pattern has changed while odd behavior of the climate has been frequent. Indeed Bangladesh is at the forefront of all the threat of climate change adverse impacts of climate change on country's main economic activity agriculture and public life has been huge.

According to environment experts, a country must have at least 25 percent of its total area covered with forest. Once famous for its forestry, Bangladesh now has been changed entirely. Forest areas are now about 15% of the total areas of the country. Increasing population made tremendous pressure on the forestry as trees were cut for constructing houses, roads, industries, various types of infrastructure and energy supply. As a result natural forest has shrunk.

When the country has been trying hard to overcome such loss of forestry, the countrymen were stunned to witness the flame of revenge of the BNP-Jamaat alliance. In the name of movement, thousands of trees were cut and uprooted.

Even in capital Dhaka, their barbaric acts axing many large trees and uprooting tender ones in Motijheel, Bijoynagar, Gulshan and adjacent areas of Dhaka on May 5, 2013 astonished the people. They used electric axe and uprooted many small trees in these areas on a single day.

Outside the capital, thousands of trees were cut to stage-blockade on highways across the country. The plan of the BNP-Jamaat was to snap the transport communication but the trees fell prey to their wrath.

Most of the trees were cut from Cox's Bazar to Chittagong highway and from Noakhali to Chandpur. More than 20,000 trees of these areas were axed.

According to an estimate, the BNP-Jamaat alliance in 2013 axed more than 60,000 trees, which would worth Tk 60 crore. However, the environmental costs would have been much higher than the estimated price of the trees. Environmental experts suggest, such horrific spate of axing trees have caused environmental economic loss of Tk 10,000 crore.

When Bangladesh was searching for way-out to avert environmental degradation and catastrophe, thousands of trees were cut in the name of movement. This horrendous act of insanity proves what the BNP-Jamaat unholy alliance wants.
Islam does not permit anybody to cut trees for nothing or without necessity. Men can consume fruits at will. Even can afford livelihood after cutting back trees. But Islam does not permit anybody for cutting trees without necessity. Whereas Hefazat-e-Islam started great festival of destroying trees in the capital Dhaka on 5th May, 2013 in the name of protecting Islam. The known place was made unknown at their ferocity with in intervening of one night. From in front of Pilolum of Paltan Square upto Bijaynagar Square more than hundred of small-medium and large trees were cut down, among which there were also old trees. Those trees were main attraction of busy Paltan-Motijheel area. In the fury of BNP-Jamat conspirators the response of that lives was as of the capital has lost.
Hefazat-e-Islam has driven fury in Motijheel area in the name of protection of Islam. The workers of Hefazat was involved with police in 5th May evening after cutting trees and making blockade the road and setting fire. There were trees of 15 years old. Those were cut down by saw. Many small trees were uprooted. Jamat-Sibir are the conspirators of driving this fury upon the nature. After the judgement of death sentence of Delwar Hossain Sayeedy, Nayeb-e-Amir of Jamat. In charge of war crime, the Jamat-Sibir workers drove fury in such a way in different places of the country after cutting trees mercilessly and making blockade the road, the Hefazat workers were followed that system.
Islam does not support the cutting of trees for nothing, so it has given very importance for plantation. The loving Prophet Hazrat Mohammad (S) has planted and cared in his own hand. As per Hadil, "if anybody plants a tree then that tree will live for so many days and men and other animal will enjoy its fruit or enjoy benefit, 'sawab' will have been planter. Whereas the gist of Islam did not enter in the mind of hypocritically upholding of religious men. Hefazat-e-Islam was frenzy in the devastation of green in the capital after collecting people from all over the country with the co-operation of BNP-Jamat conspirators.
The trees are continued to protect the world after consuming carbon of the world being high temperature. The trees care the touch of green smoothness amidst the roughness of our mechanical civilization. The tree gives men shadow and cool air in the pact of brick and stone of the city. The terrorists of BNP-Jamat raided in the limited green square of the capital centering the great gathering of Hefazat in 'Shapla Square'of Motijheel on 5th May, 2013. The residents of capital became perplexed after seeing that cruelty in the next day.
The tree has also life, knowing that also the terrorists of BNP-Jamaat felt no hesitation for killing thousand of such alive lives mercilessly to gain political interest. The scene of Bijaynagar the following day of fury of Hefazat in the capital 5th May, 2013.

The Hefazat workers has cut down and uprooted large-small such innumerable trees planted in the middle to Bijaynagar of the capital.
In the month of November in the guise of political Program at the time of blockade called by the BNP-Jamiat at least 160 trees put an end to their lives at various Roads Highways of Pabna. These trees were planted under the supervision of Roads and Highways Department, District Parishad and various Departments. Besides, there were trees under social afforestation. It is the demand of the Forest Department that out of these trees the cut trees lying fallen on the street are Mehogoni, Koral, Mango and Jackfruit whose approximate market price is about one crore taka. The day laborers of the village took care of these and it was supposed to be divided the fruits and production of these amongst them. After a specified time had the trees been sold out they would have got the shares of these trees. The margin has been deprived because of such cutting of the BNP-Jamiat in the name of politics. This is why the poor people of the village have been directly caused harm of the environment because of the jeopardy of the environment on long term. In the picture on the 1st day of 72 hours blockade of the 18 party, the killed trees by the terrorists at the Irafabad Area of Pabna-Dhaka Highways.
During the continuation of the blockade and Hartal, at the Laxmipur District, having been the victims of the cruelty of Jamat-Shibir and BNP workers from the month of February to December of the year 2013, about 4 thousands trees saving the environment and lives, were cut. On 30th December as the witnesses of such cruelty, there were the incidence of cutting hundreds of trees at Mandari of Raipur Chormulini Road, Gaksin, Dalal Bazar, Itapool, Rakhalia Basbari, Raipur, Chowdhury Bazar of Laxmipur, Ramganj Road, Panpara and road, Dksin Tanuiani of Laxmibazar-Ramganj area. At darkness of night, the terrorists of BNP-Jamat having cut most of the trees and fell those on the road. Later, the police and the employees of forest department, rushing to the spot cut those and took away. Such a tree lying fallen on the road, is being taken away by cutting it by a labor.
One of new three policies of cruelty of Jamat is cutting of trees. Till date they have cut down more than 60 thousand trees all over the country. Among those there were more than 20 thousand trees of only forest departments. Jamat-Sibir has destroyed this shadow in the name of road blockade. With these 20 thousand trees more creepers and herbs of almost lac of trees and branches of big trees were cut down. As per financial account damages have been caused for taka 20 crores. That the lost has made as a result of cutting these trees of different sizes it will take from 20 to 30 years to fill up that. As a result of cutting down trees all over the country two types of loss financial and environment of the country has lost. In the country the effect of climate change has increase in the country. In this the numbers of cyclone, tidal bore and tornado have increased. In this fury of destroying green special type of mechanical saw has been used. This kind saw made in China which are portable in hand and able to cut tree quickly entered in Bangladesh through Rohinga. For making blockade road Jamat-Sibir collected huge number of such saws before talking the planning of cutting large number of trees.
Satkhira-Jessore highway Jamaat strike down the trees and electric poles in the siege. Thousands of people suffer to fall. Trees behind the scene to create block ramacandrapurera highway.
18 September, 2013, the terrorists of Jamat-Shibir make blockade by putting wooden logs three streets of Meherpur Sadar Upazilla for three hours to celebrate Hartal.

11th December 2013, Rupdia at Jessore Sador Upazilla, the terrorists of BNP-Jamat by cutting hundreds of the trees and putting those on the road at areas of some kilometres of Jessore-Khulna Highways.
4th March 2013: BNP-Jamaat saboteurs created obstruction on the Dhaka-Chittagong highway by laying down trees over one kilometer from Gomti to Elliotganj.
In support of a hartal called by the Jamaat-e-Islami, miscreants felled down roadside trees and created obstruction to thwart movement of vehicles.

Shibir activists created obstruction on the roads by laying down trees in the Mahishalbari area of Godagari in Rajshahi district.
In Satkania of Chittagong district, the Jamaat Shibir activists felled road-side trees and created obstruction on the Chittagong-Cox's Bazaar highway near Hoseni Dokan area.

The members of the law enforcing agencies are removing lots of trees from the Cox's Bazaar-Teknaf highway near Hijalla.
The clutches of retaliation of Jamat-Shibir have fallen upon the Chunti Avoaranya too of Chittagong awarded equitor prizes by the United Nations Organizations for preservation of Biological Diversity in the year 2010. On 12th December of the year 2013, at the time of enforceability of Jamat leader Kader Mollah hanging to death, a mother Garjan tree aged one hundred and fifty years was killed.
